SHANGRI-LA'S FIJIAN RESORT & SPA
YANUCA ISLAND, CORAL COAST, FIJI

CHANGE HOW YOU DO THINGS

THE IDEA is to break you away from the usual boardroom meetings and offer customised venue solutions that fit your team's diversity and profile. There are times when you need to mix business with fun in order to seal the hard edged deals, or stimulate ingenuity from your hardworking colleagues.

At Shangri-La's Fijian Resort and Spa we don't just do run of the mill meetings. For us it is all about making a change where it matters and inspiring each other in a fun and meaningful way while exploring the possibilities of utilising our resort to stimulate out of the box thinking. Now your inspiration and success have a venue.

At our resort we like to encourage our guests to **innovate** and be inspired to discover new cultures and ideas.

During your conventions you may choose to **embrace** a new cultural experience with Fijian Island warmth.

For an alternative 'meeting' space you may choose one of our options and clear your head in a myriad of outdoor spaces. Go even further and **engage** yourself in one of our community projects and make a difference where it counts.
