

# SUNGLASSES AT WORK

— | Meet by Design | —

SHANGRI-LA'S MACTAN RESORT & SPA, CEBU

**THE IDEA** is to achieve a “corporate away” feel while fulfilling your business agenda.

We'll show you that corporate speak is no longer limited within the walls of a traditional boardroom. We suggest to lose the table and break away from dull, frustrating, soulless meetings. We redefine meetings for you so your team is genuinely and fervidly **involved** in every step.

Like you, we believe the purpose of a meeting is to create plans, arrive at decisions and nurture success. We help you set the scene for these strategic actions – with a touch of luxury thrown in. **Indulge** in some of our inventive and fresh ideas guaranteed to keep your meeting a bit more interesting, exciting and stimulating.

Who wants to walk away unexcited? Your newfound everyday creative behavior takes on more meaning as you complete your experience knowing you were more than just **inspired**. Because at the end of the day, we want you to leave with the best ideas – deeply explored, freely expressed, heartily embraced.

WE BEGIN WITH  
A MEETING  
MADE FOR YOU  
IN PARADISE.

# *in*INVOLVE

verb /in'vɒlv/

: cause (a person or group) to experience or participate in an activity or situation

: to have or include (someone or something) as a part of something

# CHANGING SPACES

On your next meeting, feel the walls come down as we change your meeting landscape. Take in your preferred view – the vast sapphire-hued ocean, a stretch of angelic sand or the emerald foliage of our well-manicured gardens. We've set the scene so you can begin your day with your mind clutter-free, ready to be immersed and fully involved.

## GREEN & BLUE

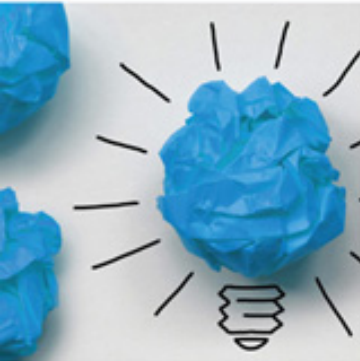

### EVENT GREENING

We'll help you conduct your meetings in ways that minimize environmental burdens that come with such activities. Our Green Meetings offer environmentally-friendly meeting set-ups that aim to conserve energy, reduce waste, reuse resources and recycle materials.

### BLUE SKY THINKING

The emptiness of the skies – in blue – suggests original, creative thinking, unfettered by convention, unbound by preconception.

Sketch pads, colorful post-its, colored pencils and pens, stress balls, Rubik's cube, bean bags, etc. – your usual meeting necessities are made colorful and playful to stimulate your brains and generate creative, radical ideas for the perfect brainstorming session.

## | TEAM PLAY |

We call it "teampay" and not just "teambuilding" as we put the FUN in the building exercise.

### Sunsational

Take advantage of our 13-hectare surrounds. Choose from an extensive list of outdoor activities as you take on the thrill of our extreme challenges, such as:

- Snorkeling Treasure Hunt
- Raft-building
- Spider Web
- Shadow Walk

### Larong Pinoy (Filipino Games)

Traditional Filipino games that double as cultural lessons for a truly unique team experience. Re-live well-loved Filipino street games such as:

- Tumbang Preso (similar to Duck on the Rock)
  - Luksong Baka (Jump over the Cow)
  - Agawan Base (Capturing Base)

## | TEAM PLAY |

We call it "teampay" and not just "teambuilding" as we put the FUN in the building exercise.

### Iron Chef

Engage in a high energy cook-off with your colleagues and allow the real Ironchefs (aka our resident chefs), test your culinary mettle. You leave the kitchen stadium tired and starving or elated and full – the choice is yours.

### Fab, Fit & Fun

We subscribe to Buddha's secret to health for both mind and body - live in the present moment wisely and earnestly. Our wellness choices just happen to be fun, as well! From breathing and yoga classes to reflexology and massage lessons, keeping fit and fabulous will never mean boring and tedious in paradise.

TEAM  
ECO-APP  
ADVENTURE

Created in partnership with creative event specialist Asia Ability, these unique teambuilding events blend the latest tech gadgetry with back-to nature activities as teams armed with tablets follow a tailor-made app to complete compelling tasks in highly competitive but collaborative situations.

# *i*NDULGE

verb /in'delj/

- : allow oneself to enjoy the pleasure of
- : satisfy or yield freely to (a desire or interest)
- : allow (someone) to enjoy a desired pleasure

MORE  
THAN A  
COFFEE  
BREAK

Got 15-20 minutes before the next session? We offer great ways to re-energize you by releasing some of your pent up energy and injecting some fun in between work discussions.

### IT'S MORE FUN IN THE PHILIPPINES!

We celebrate Filipino cuisine and culture by putting much love in preparing local delicacies and sprucing up your meeting area with vivid colors for a fiesta-like atmosphere. Enjoy the best that the Philippines has to offer!

### CAFE BREW

Research has shown that the mix of calm and commotion in an environment is what you need to keep the creative juices flowing. Too quiet a space makes it hard to think, while too much noise can be distracting. The closest you can achieve a balance of "calm and commotion" is in fact in a coffeeshop!

Create your own blend from a spread of freshly ground coffee beans (or loose leaf teas) as we recreate the gentle hum of a coffee house.

### MANGO OVERLOAD

Cebu stakes a claim in having one of the finest mangoes in the world. Savor Cebu's signature fruit in all imaginable ways.

### COLORPOP

Who doesn't love a pop of color? Enthusiastic red and orange, calming blue and green, inspiring purple. Whichever your choice of color and mood, we'll indulge your senses and enrich your appetite.

### BE WELL

Enjoy healthy quick bites inspired by CHI, The Spa, the resort's haven for wellness and bliss. We throw in a revitalizing five (5) minute back massage as a special bonus!

FROM  
MORNING  
TO NIGHT

#### SUNRISE BREAKFAST

Most mornings start off with the best of intentions. Begin yours by taking in the breathtaking display of sunrise colors while enjoying breakfast leisurely by the beach.

#### LUNCHTIME LOUNGE

We'll take the edge off lunchtime rush as we take you outdoors with an easy, relaxing picnic laid by the Chapel Garden, at the Ocean Terraces or Buko Bar.

#### COCKTAILS ON SHORE

Legend has it that a "cock tail" was a morning drink. We say, it's best taken at the end of a long day. Kick back with a cocktail of your choice - stirred, shaken, neat, on the rocks, straight up, with a kick or dirty. Enjoy it one sip at a time and allow the vast expanse of the blue seas to enchant you.

### PLAYA DEL FUEGO

Set your party ablaze with a fire-themed dinner at the beach. This sizzling party showcases the fiery rhythms of the island with tiki torches and flags in an open space of cool sea breeze and white sands. Flame dancers fire up the mood with electrifying beats from drumbeaters.

### GLAMPING

It's camping made accessible - a little refuge in nature, without foregoing the little luxuries. Experience your surroundings without having to rough it up for dinner.

If you seek a bit more adventure, we suggest a military-inspired boodle fight, in style.

# INSPIRE

verb /in-'spī(-e)r/

: to make (someone) want to do something

: to give (someone) an idea about what to do  
or create

: to cause someone to have (a feeling or emotion)

## PEOPLE

A 20-minute boat ride gets you to the island of Olango, where we work with the local public elementary school on nutrition, sports activities and basic classes. We can design a day of fun with the kids where you can mingle and enjoy the simple joys of being a gradeschooler.

For those uninclined to boat rides, activities with nearby orphanages can also be arranged.

PLANET

For more adventurous pursuits, the resort's waters provide the added thrill of swimming with schools of tropical fish that make their home in the Shangri-La Marine Sanctuary. Team activities include a guided snorkeling safari, coral transplantation and fish house-making.

Spanning six (6) hectares from shore, the Shangri-La Marine Sanctuary is cared for jointly by the resort, Scotty's Action Sports Network, Amores Charities, Inc. and the Lapu-Lapu City Government.

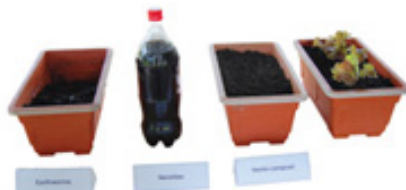

## GREEN BOLTS

Enjoy tea amidst a garden of greens. Learn the basics of vermicomposting, Bokashi and backyard farming from the resort's resident green thumb. On a garden tour led by our Flora and Fauna Supervisor, take in the enchanting vista of the resort's 13-hectare grounds while learning about tropical flora and fauna, and discovering a number of species found only in the Philippines.
