# HOT POT

Share the joy of this interactive meal with friends, family or loved ones and cook a plethora of ingredients such as fresh seafood, marinated meats, mushrooms, barbecue specials, Asian vegetables and hand-pulled noodles in a pot of simmering seasoned broth heated on an induction burner.

Pair and perfect your flavours your own way. This unique and exclusive experience can be availed at Shang Palace for lunch and dinner.

## HOW TO RELISH HOT POT?

Select the seasoned broth of your choice. Choose dipping ingredients.

Add the ingredients to the simmering broth. Cook the ingredients to your liking. Feel free to adjust the heat levels as you prefer. Different food has different cooking time; pace and perfect it your own way.

Once cooked, pick the ingredients with the hand-held basket spoon and place it in your bowl. Garnish with condiments and seasoning. Enjoy.

Occasionally, our server will replenish the pot with more broth. This is to rebalance the flavours and spices.
