Terms & Conditions apply

At Shangri-La we fully appreciate the responsibility an organisation or event organiser has when they decide to invite a group of their people, customers or suppliers to an event.

We want organisers to know that we are one step ahead, making sure we have addressed every aspect of the event to ensure all attendees are safe and comfortable. Aside from all the cleanliness protocols and revised capacity charts readily to hand, it's the small touches that we'll be reminding you of.

From suggesting more microphones, allowing extra time in the agenda due to limited lift capacity, working with outdoor spaces for coffee breaks, suggesting extra monitors for guests now seated in larger rooms away from the main screen and showing you how ideal bento boxes are for meeting lunches, we are ready to help you make your event an enjoyable success.

1 As a precautionary measure, guest temperatures will be recorded on arrival, and recorded according to local government requirements

2 Increased frequent sanitization on all audiovisual equipment, high-touch and high-traffic areas

3 Hygiene amenities including hand sanitising gels will be available at reception and at other convenient locations in the hotel

4 Event room floor plans and seating capacities adjusted according to local government requirements

5 Reinforced food safety standards, new buffet and table service protocols. Menus revised to offer individually plated and packed meals where relevant

6 Safe distancing, according to local government requirements, when queues form and in high-traffic areas
