*I*t's in the **details...**

At Shangri-La, no two weddings are the same. We will make your dream day as **unique** as you are.

Let us bring your vision to life and fit every detail that makes your love special.

Your Love in Full Bloom

Fresh blooms are just the beginning of an unforgettable lifetime. From bouquets and boutonnieres, to flower petals down the aisle at the ceremony, and even artistic floral creation for table centerpieces, set the perfect mood of your surrounds by adding these floral creations.

Your Seat Awaits

Complete your gorgeous tablescape with the right chair. Add a modern edge to any space with Tiffany ghost chairs, win the hearts of your close-knit few with the sleek lines of gold wire chairs or choose the versatile Chiavari chair which works well in just about every setting. Whatever you opt for, choosing the right chair will create the right atmosphere on your big day.

Lip Sip Hooray

Whether it's kicking things off with a little champagne-fueled happy hour before your 'I do's' or designating a bar for your signature His & Hers Cocktails, offer your guests a chance to raise a toast to the bride and groom. Customize your wedding bar with stylish details or personalizing your drinks for a wedding that will surely be remembered.

unches and Nibbles

Skip the canapés and choose a show-stopping grazing table as a cocktail-hour option laden with delicious antipasti, charcuterie, and dips. Got a sweet tooth? Replace the antipasti with mango-themed desserts instead! This colorful, casual, and social table is truly a feast for the eyes and belly that brings guests together between the wedding and reception.

Party to Remember

Keep the fun going and party on! Level up your wedding entertainment that will get guests off their feet during the party. Give your guests the best of both worlds with a DJ and sax duo, add a luxurious and romantic element with a white grand piano or dazzle your guests with a stunning fireworks display. Remember to end your wedding celebration on a high note, leaving everybody wanting a little bit more.

Zoom in on Your Love

Take your wedding digital! Let your nearest and dearest zoom in on your love with a virtual wedding they can celebrate with you at the safety of their homes. Supplement a smaller in-person ceremony with an online guest list and make sure everyone you love is with you when you say “I do.”

From Us to You

Say your thank-you's in style! When it comes to picking wedding favors to give away on your big day, it's important to make them pretty, memorable, and thoughtful. Our array of unique and personalized giveaways will let you put into words your feelings of love and appreciation no matter what you choose.

Before the Aisle

Create a romantic soiree that's as stunning as your love. Kick off the pre-wedding festivities with a private dinner by the beach, a bachelorette party by the Spa Pavilion, or an intimate pre-wedding brunch by the garden with both families present. Getting married is more than a ceremony and reception, it's a whole affair.

After the Kiss

After the party comes the after-party! Prolong one of the biggest days of your lives with a post-wedding party to squeeze in extra quality time with your guests, especially those who travelled from abroad, and to soak up more of the love and laughter without the formalities or obligations of your big day.

Retreat to Your Sanctuary

When it's time to hang up your dancing shoes, retreat to your private sanctuary and begin this exciting new chapter with paradise at your feet, and every creature comfort at your fingertips. Choose between the epitome of luxury - the Presidential Suite or the epitome of private tranquility - the Manumbalik Villa.
