MODERN GRILL

From the flames of the charcoal grill, succulent roast from the brick oven to the concise wine list, Oceano Modern Grill's cuisine features fresh local seafood and high-quality meats created from imaginative combinations of ingredients and taste.

The spacious and comfortable interior, decorated with the colours of the sea, reflects the honesty and respect for the ocean that lies just next to the restaurant at the Ocean Wing lobby level. With an outdoor terrace that overlooks a 3km white sandy beach, one can sit back and enjoy the evening.
