Your Well-being In Our Care

Our promise 'Shangri-La Cares' comes straight from the heart. It underpins the caring spirit of our brand and guides our unrelenting efforts to ensure well-being and comfort of our guests, colleagues and partners.

To create a trusted and nurturing environment, we have raised our already demanding hygiene standards by embracing a number of new safety protocols, procedures and training following guidelines from World Health Organisation or respective local health agencies, with a focus on these specific details across our meeting and event spaces.

- 1 As a precautionary measure, guest temperatures will be recorded on arrival
- 2 Hygiene amenities including hand sanitising gels will be available at reception and at other convenient locations in the hotel
- 3 Reinforced food safety standards, new buffet and table service protocols. Menus revised to offer individually plated and packed meals where relevant
- 4 All AV equipment sanitised after every use, with microphones in particular sanitised between uses
- 5 Event rooms floorplans and seating capacities adjusted to be compliant with safe distancing guidelines
- 6 Enhanced sanitisation frequency and protocols with a focus on high-touch and high-traffic areas
- 7 Shared snacks and food offerings discontinued and replaced with individual portions
- 8 Signage and queue ropes in all high-traffic areas serve as gentle reminders for our guests to maintain safe physical distance

Enabling Our People

Caring for people is the bedrock of Shangri-La's service value. To reinforce the strong culture of health and safety:
