Your exclusive home-away-from-home on Mauritius' most prestigious bay

From the moment of arrival at the airport, guests of the three elite Beach Villas – which have hosted celebrities and royalty throughout Le Touessrok's history – receive a personalised welcome and will be pampered with Shangri-La's distinctive service during their entire stay, ensuring they have the ultimate VIP island experience.

Named after the island's local flora – Hibiscus, Flamboyant, Bougainvillier – each Beach Villa immerses guests in the island's most exclusive beachfront accommodation with a distinctively Mauritian, yet indulgently sophisticated atmosphere in which to call home.

Our private Beach Villas are our finest accommodation options and the epitome of island elegance. They offer exclusive luxury, unrivalled privacy and expansive ocean views. The villa's discerning guests will enjoy discreet 24-hour butler service, private beach access, lush tropical gardens, private swimming pools and separate entrances.

While guests can experience all of the benefits provided by the extensive facilities of the five-star luxury resort, they can also rest easy knowing that their own personal household service, separate from the resort, is dedicated to making their holiday a stress-free one, with staff on hand to take care of everything, from laundry to meals.

More a luxurious private residence than simply a five-star hotel stay, guests can sit back and relax as if they never left home – one nestled amid the idyllic surroundings of the Indian ocean.

Interior design

Natural light flows into the 423-sqm villas' spacious interiors, which are tastefully decorated in a sophisticated, chic style. Shangri-La pays homage to its long-standing involvement in local culture, through the use of the finest local craftsmanship. A number of bespoke locally produced pieces feature in the interiors including ceramic wall-hangings by Mauritian artist Sharon Thompson, black and white super-graphic photography by Studio Christian Bossu-Picat, locally refashioned Turkish carpets and exquisite Mauritian lava stone sculptures surrounding the private pools.

Offsetting Le Touessrok's signature Mediterranean-style architecture, the muted and subtle tones of the villas' interiors complement the immense, breathtaking ocean views. The architectural layout means the flow between outdoor and indoor living is seamless, with large verandas linking the interiors to their magnificent Indian ocean backdrop.

Spacious and elegant from one living space to the next, a focus on lighting and décor results in villas that are at once fresh and dynamic, while comfortable and roomy enough to ensure guests feel truly at home. The villas' terraces lead to private, secluded infinity pools with stunning views of Mauritius' tropical shores and gently swaying palms.

Each of the Beach Villas includes two identical master bedrooms with king-sized beds and one bedroom with two queen-sized beds. The villas' luxurious bathrooms feature large soaking tubs, designer bath amenities, extra large towels and access to private tropical gardens with outdoor waterfall showers and daybeds.

The Beach Villa team

Our guests' extraordinary experience begins from the moment they arrive, with a warm welcome from the Villa Manager and Villa team comprised of four butlers and one Chef who are available for around-the-clock requests, from packing and unpacking to cleaning rooms, and arranging excursions to setting up a dinner – no need will go unmet.

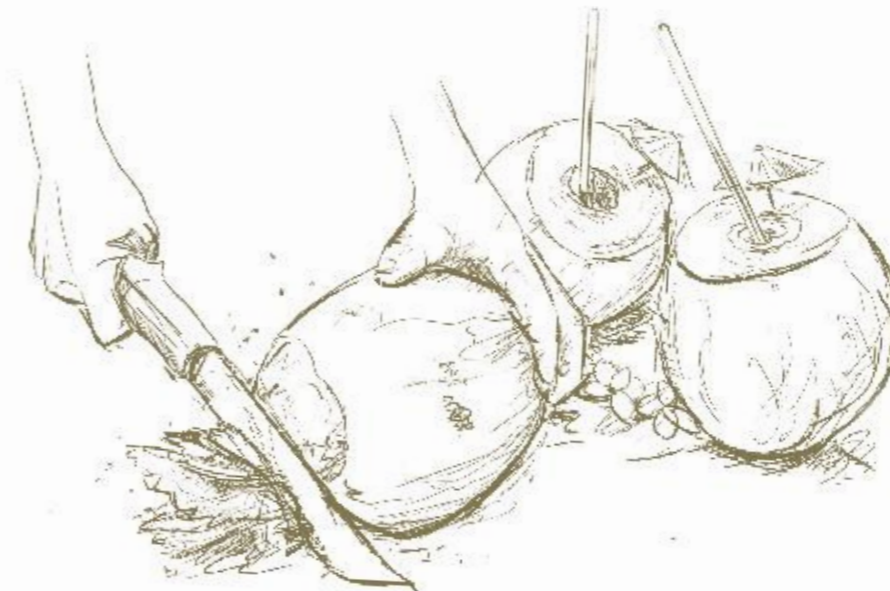

The Villa Manager has the knowledge and skills to curate an experience that will create memories to last a lifetime and celebrate the most special of occasions. Even when leaving the comfort of the villa, every experience is attended by a butler. Should guests wish to embark on a sumptuous boat for a day on water, the butler will assure the same impeccable and tailor-made service than in their villa – they can enjoy being served a gourmet lunch on a serene beach, find a refreshing beverage waiting upon returning from a snorkelling excursion and expect every want to be anticipated no matter where they are.

Answering unspoken needs

As guests become familiarised with their island home, the observant Villa team discreetly identify their needs and preferences. While they enjoy their holiday and the company of friends and family around, the staff caters to every desire with finesse, taste and subtlety. Guests are immersed in an environment of relaxation, a genuine home that serves as a sanctuary of well-being – and an experience that is highly personalised in every way.

Dining

Just like home, all meals are prepared in the villa's own kitchen, by a dedicated Chef. Delicious dishes feature the finest flavours, as the Villa Manager goes to the local market daily to collect fresh ingredients for the meals of the villa guests, so they are treated to the best that Mauritius' natural bounty has to offer. Meals are tailor-made for the guests; there is no set menu and everything is customised to their preferences.
