

APÉRITIF

HAVING A DRINK at the beginning of a meal is not just enjoyable, it's scientific too! Take the example of the aperitif, a set of liquors that serve only to stimulate your appetite before every meal. These are typically dry rather than sweet, and can be traced as far back as 1796, when Antonio Carparo created the recipe for Vermouth. Since then, the kinds of aperitifs may have increased, but their use remains largely the same!

WE SAY KONICHIWA to Japan's national drink - the much revered Sake. The distinctly Japanese spirit is a fermented rice wine produced through a brewing process more similar to that of beer. Consumed either cold or hot, Sake is a uniquely delectable drink that pairs perfectly well with any meal.

GIN

A spirit derived from juniper berries, mind-boggling varieties that incorporate flavours of various herbs and spices ranging from the traditional to the absolutely bizarre!

A classic, clean, crisp drink, there are very few things quite as simplistically elegant as the Gin and Tonic. A quintessential British long drink that dates back to the 1800s when it was first invented by the British Army in India, the G & T never fails to please.

SWEET, SYRUPY and oh so sublime! When you need a drink to help you relax, unwind or beat the blues, a liqueur is just what the doctor ordered – literally! Today, they're not going to be on your doctor's prescription, but we suggest a good dose for all your medical needs!

BEER

AFTER WATER AND TEA, there are no guesses for which drink is the most widely consumed in the world – beer! Beer is a beverage that has held the world's attention for millennia, with it being mentioned in numerous ancient texts, but its early forms wouldn't be recognizable in today's world, for it was only in AD 822 that the most important ingredient was first added – hops. Today, there are possibly millions of varieties of beer, some recognized the world over, while others with popularity limited only to local breweries. So we did our best to curate a beer selection that ranges from light and mellow brews to heavy and robust ales.
