

ORIGIN
Bar

Everything changed when the world began to move on wheels.

Ticket in hand, boarders got on a train, desiring for a madcap dash. The glamour age of train travel thrived as we knew it – suddenly, life on the tracks did not seem so bad.

Journeys began and ended on the rails. They passed the time with pastimes, a deck of cards on shuffle with their backs against the rush of lush scenery before them. Time never stopped but slipped out of their embellished hands. The pace lay in the place, not the placement. Dining cars became the point of meeting, where patrons ate, drank, and gallivanted. When asked, they never defined themselves by names, only that they were headed towards The Great Somewhere. The mystery lied in the who, what, and the when.

Here at Origin Bar, we tell their stories – the stories of moments in time on such a journey. We share about birthed dreams, the evolution of a want that became a need. We colour their lives as glamour takes over. Beverage rules at the bar, with 18 cocktails that spoke of the spirit of travelling through time. We toast to the roads travelled and the road paved by Life itself.

So take this as your one-way ticket towards an adventure that never ends.

Let's begin at Origin.
